Winding Oaks Site Plan and New Nine Holes at the Harbourside Golf Course

The community of Winding Oaks is situated alongside Longboat Key Club's most exciting new addition—nine holes of championship golf. Designed by golf course architect Willard Byrd, these fairways offer extraordinary views of both the Sarasota skyline and challenging water hazards.

Each of these 56 maintenance-free patio homes feature a hot tub and optional swimming pool, as well as, views of the new fairway, a waterway or a sparkling, fountained lake. Residents of Winding Oaks will be eligible to enjoy tennis, golf and swimming through membership in the exclusive Longboat Key Club.
